WANTS WORLD TO KNOW OF CURE BY CUTICURA

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies. I am so grateful I want the world to know, for what helped me will help others. My body was itchy and scaly, and I was in pain. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind to die when I was cured. I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment. I continued with the Cuticura Soap and Cuticura Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. This was nine years ago and I have had no return of the trouble. I am now a person having no doubt about this wonderful cure by the Cuticura Remedies can write to my address, Mrs. Alice Elton, 18 Inn Road, Battle Creek, Mich., Oct. 10, 1909."

The suffering which Cuticura Soap and Cuticura Ointment have alleviated among skin-tormented, disfigured infants and children, and the comfort they have afforded worn-out and worried parents have led to their adoption in countless homes as a precious treatment for the skin. Eczema, rashes, and every form of itching, burning, scaly humor are speedily cured by Cuticura, in the majority of cases, with one application. COMMITTEE WILL FIND FOR PARSONS

Believed That Judge Saunders, of Fifth District, Will Be Unseated.

[Special to The Times-Dispatch.]—Washington, D. C., May 6.—Without being able to make a positive statement to the effect that Judge Edward Watts Saunders, now representing the Fifth Virginia District in the House, will be unseated by the committee that is considering the contest of John M. Parsons, Republican, I feel justified, knowing what I do, in predicting that such will be the result.

The Elections Committee No. 2, known as "the unseating" committee, with James M. Miller, of Kansas, as chairman, has the case, and will, it is said, render its verdict in three weeks, and it will be in favor of the contestant. This is not an idle rumor, but the apparent status of the case at this hour. My information, although I cannot give the author, is reliable.

The election officers of the State gave Judge Saunders the count by which he was elected, and he was lawfully elected, charging among other things, that the redistricting of the district, which was done in the name of Matthews, an insane man, should not have been on the ticket, and that certain Democrats, who did not pay their poll tax in the regular way were not legal voters.

It has been believed here for months that Judge Saunders was in danger of being unseated. The margin between the regular Republicans and the combined forces of insurgent Republicans and Democrats was narrow. One vote would make a difference. Therefore the benefit of the doubt will be given to Parsons.

The South Carolina contests have been thrown out, and one from North Carolina will go the same way.
